ROMEO L. CASTAÑAGA, CESO V

Regional Director
Department of Trade and Industry XI
3F Mintrade Building, Cor. Sales-Monteverde, Davao City

Dear Dir. Castañaga,

Greetings of peace!

I am Kent Paulo R. Delgado, a 3rd year Bachelor of Science in Computer Science student majoring in Data Science at the University of Southeastern Philippines, College of Information and Computing, and a proud CHED scholar. I am writing to formally express my interest in applying for an On-the-Job Training position at your company. I am excited about the opportunity to contribute to your team while gaining real world experience in a professional environment.

My technical background includes proficiency in Python, R, JavaScript, and React, along with hands-on experience in data science, machine learning, and full stack web development. I have worked on meaningful academic projects including audio classification research for Philippine cultural heritage, social network analysis studies on real world datasets, data visualization dashboards, and full stack web applications. These projects have sharpened my technical skills and taught me how to think critically and deliver results under pressure.

Outside of academics, I serve as the Lead of the Developer Student Community at USeP Obrero, where I organize tech events and learning activities for fellow students. I also founded DevChain Diaries, a Web3 podcast and education brand based in Davao City. These experiences have helped me grow as a communicator, a leader, and someone who genuinely cares about the community around me.

I take my responsibilities seriously. I show up, I ask questions when I need to, and I always give my best. I am fully committed to adhering to all company policies and guidelines for student trainees. More than completing my required hours, I genuinely want to learn from your team, apply what I have studied, and bring something useful to your organization during my internship period.

Thank you so much for your time and consideration. I look forward to the possibility of working with your company and I hope to hear from you soon.

Sincerely,

KENT PAULO R. DELGADO
BSCS Student Intern
